SFSP 10-2023 Initial Site Visits in the Summer Food Service Program – New Guidance

USDA FNS provided guidance on May 30, 2023, that **all non-congregate sites are considered new sites** for summer 2023. **Sponsors are required to conduct initial site visits of all new sites during the first two weeks of operations.** To allow Sponsors to use their time and resources efficiently, a full review of food service operations may be conducted during the initial site visit. So, at the Sponsor's discretion, it may conduct both the initial site visit and the food service review (that is to be completed during the first four weeks of operation) at the same time.

As always, if you have questions, please contact your area Child Nutrition Consultant or the Topeka office.
